### Recommended with the:

BBQ144 - Approximately 40 lbs. of charcoal per pit to cook 60 lbs. of chicken for first rack. If you wish to cook a second rack, add approximately 15-20 lbs. of charcoal.

**Meadow Creek Welding uses only food grade T-304 stainless steel in the fabrication of parts identified as "stainless steel" that will contact food under normal use. This includes, but is not limited to: Grates, racks, shelving, work surfaces and complete units constructed primarily of stainless steel and sold using that description.**
